

YOUR VOTE MATTERS ON 7th MAY

What kind of city do you want to live in?

Think about the environment when you vote.

Ask your local candidates how they are going to deliver a better future

MK CLIMATE ACTION NETWORK

MKCAN members told us they would like to see leadership from MK City Council on the following environmental priorities.

For more information visit the MKCAN website www.mkcan.org

CLIMATE CHANGE:

Costs of action are much less than costs of inaction

Better homes. Stronger communities

- Residents help shape new developments
- Enforce high green building standards for homes, workplaces and infrastructure
- Local clean energy projects reinvesting in community building and resilience
- Support home insulation & energy upgrades to cut energy bills
- Better solutions for homelessness

Good jobs. Sustainable growth

- Ensure city developments contribute to meeting sustainability goals (net zero by 2030)
- Plan growth to be inclusive by design
- Education fit for a different future
- Attract job-creating investment in clean technologies for future resilience
- Increase green re-skilling opportunities
- Enable circular economy to reduce waste

Better public transport. Cleaner air

- Make it easier and cheaper to get around MK without a car
- Connected network of travel hubs
- Reliable, accessible, cheaper public transport
- Safe, direct cycling and walking routes
- Safe use of rental bikes and scooters
- Better road maintenance.
- Potholes fixed.
- Develop more accessible EV infrastructure

Healthier people. Healthier nature

- Nature-rich, well-maintained green spaces
- Deliver Local Nature Recovery Strategy
- More tree planting schemes
- More recreational facilities for young people
- Nature based solutions to reduce flood risk
- More community gardens and orchards
- Promote local food production & plant-rich diets
- Cut herbicide and pesticide use
- More litter picking and more bins
